## **Child Restraint Systems: Contact: Shaler EMS at 412-486-6590**

Shaler EMS has a medic who is certified in the installation of child restraint systems. First-time parents and or grandparents are welcome and encouraged to avail themselves of this service. The certified medic will not only check to ensure the seat is installed properly, but check to see if any recalls have been issued for a particular seat. As police officers often see, the improper use of, or the lack of child restraints can have catastrophic consequences during a vehicular crash. Please buckle-up every time you drive.

# Township of Shaler/Shaler Area School District Property Tax

**Erin Bartkins, Treasurer**  
Shaler Township  
300 Wetzel Road  
Glenshaw, PA 15116

**Office Hours:** Monday, Wednesday, Friday  
9:00 a.m. - 3:00 p.m.  
Closed Noon to 1:00 p.m.  
**Closed:** Tuesday & Thursday

All property owners are required to pay real estate taxes on the real estate they own in the Township of Shaler whether it is vacant or developed. Exceptions to this are those properties that Allegheny County deems exempt from real estate taxes. Allegheny County is also responsible for the assessment values placed on individual parcels. For more information regarding assessments visit the Allegheny County Office of Property Assessments at <http://www.alleghenycounty.us/opa/index.aspx>.

The Shaler Township Treasurer is responsible for the billing and collection of Shaler Township and the Shaler Area School District real estate taxes assessed on all property located within the corporate boundaries of Shaler Township.

Real estate taxes are imposed by using the properties "Full Market Value" valuation (as established by Allegheny County) multiplied by the tax millage rates established by the individual taxing bodies. The current year millage rates for Shaler Township, Shaler Area School District and Allegheny County are available on our website at: **[www.shaler.org](http://www.shaler.org) under the Government tab.**

The Township of Shaler and Shaler Area School District property tax bills are billed on one bill and have the same due dates. Real estate tax bills are mailed on or around July 1st. The due dates are as follows:

Discount Amount Due (Discount 2%)	August 31st
Face Amount Due	October 31st
Penalty After	November 1st

Shaler Township and Shaler Area School District also offers a four part payment plan based on the face amount of the tax. If paying on the payment plan, the taxpayer is responsible for meeting the payment dates. If payments are not maintained as listed below, the property owner forfeits their right to the payment plan and may be subject to penalties. The four due dates for the installment plan are as follows:

1st Installment	July 31st
2nd Installment	September 30th
3rd Installment	November 30th
4th Installment	January 31st

**Failure to remit quarterly payments by the above dates will result in a 10% penalty on the payment amount.**

It is the responsibility of the property owners to secure a tax bill and correct the mailing address for the bill. All real estate taxes are due on or before the established due dates, regardless of whether or not a tax bill is received by the property owner. Failure to receive a tax bill shall not excuse the taxpayer from paying the tax by the due date.

The property owner is responsible to notify the tax office in the case of mortgage refinance, payoff or other situations that would change the method of real estate tax payments, or change of address for whom the bill is sent. Notice can be sent to **Erin Bartkins, Treasurer, Shaler Township, 300 Wetzel Road, Glenshaw, PA 15116**. Note that this notification does not change the address for the Allegheny County real estate taxes. Address corrections for county taxes should be addressed to the County tax office at **412-350-4100**.

## Road Department

### Sewer Back Ups: Call 412-486-9700 - 8:00 a.m. to 4:30 p.m. After Business Hours: Call 9-1-1

Call the Township first for sewer back-ups. The Township will come to check the main sewer. In many cases, this may prevent your having to call a plumber. If, however, you call a plumber first, and later discover that the Township main line caused the problem the Township may not assume the cost of your plumber. This service is offered by the Township 24 hours a day.

### Public Works: Winter Storms

Our Public Works Department is one of the best in Allegheny County and we pride ourselves in providing exemplary public service to our residents during the winter. But, when the snow falls, we also need your help. Our Public Works Department asks you to remember the following:

- Whenever possible, **please park in your driveway and not on the street during a winter storm.** This will help the drivers on their snow routes fully clear the roads.
- **Do not blow or shovel snow on the street** after it's been cleared. This is a violation of Township Code Chapter 192, Article II, and carries a fine of \$600.00.
- **Monitor winter storm tracking through the media,** plan accordingly and try to avoid unnecessary travel during these storms.
- Unless you have an emergency, **please do not call the Township office to report that your street has not been cleared.** Rest assured, if it's snowing, we're working.

In addition to Township streets, our crews are responsible for clearing all county and state roads with the exception of Route 8. Streets are prioritized according to high traffic, public transportation and school bus routes first.

## County and State Roads

Many of the roads you travel daily are either County or State Roads and, as such, are maintained by these bodies. Listed below are some of the State and County Roads for which the Township is not responsible. If there are any problems with these roads, please call their respective road department.

## Shaler Township Recycling

Residents of Shaler Township are required to recycle in accordance with state law, therefore Township administration necessitates residents to recycle as much as possible. When the garbage contract is put out to bid to secure pricing for the residents, the haulers are aware of the amount of recycling materials generated by the community. If recycling volumes are high, the hauler can avoid additional landfill fees for excessive tonnage. Residents will receive more attractive pricing from haulers if recycling volumes are maintained.
