The Shaler Township Treasurer is responsible for the billing and collection of Shaler Township and the Shaler Area School District real estate taxes assessed on all property located within the corporate boundaries of Shaler Township.

Real estate taxes are imposed by using the properties "Full Market Value" valuation (as established by Allegheny County) multiplied by the tax millage rates established by the individual taxing bodies. Road Department

Sewer Back Ups: Call 412-486-9700 - 8:00 a.m. to 4:30 p.m. After Business Hours: Call 9-1-1

Call the Township first for sewer back-ups. The Township will come to check the main sewer. In many cases, this may prevent your having to call a plumber. If, however, you call a plumber first, and later discover that the Township main line caused the problem the Township may not assume the cost of your plumber. This service is offered by the Township 24 hours a day.

Public Works: Winter Storms

Our Public Works Department is one of the best in Allegheny County and we pride ourselves in providing exemplary public service to our residents during the winter. But, when the snow falls, we also need your help. Our Public Works Department asks you to remember the following:

- Whenever possible, **please park in your driveway and not on the street during a winter storm.** This will help the drivers on their snow routes fully clear the roads.
- **Do not blow or shovel snow on the street** after it's been cleared. This is a violation of Township Code Chapter 192, Article II, and carries a fine of \$600.00.
- **Monitor winter storm tracking through the media,** plan accordingly and try to avoid unnecessary travel during these storms.
- Unless you have an emergency, **please do not call the Township office to report that your street has not been cleared.** Rest assured, if it's snowing, we're working.

In addition to Township streets, our crews are responsible for clearing all county and state roads with the exception of Route 8. Streets are prioritized according to high traffic, public transportation and school bus routes first.

County and State Roads

Many of the roads you travel daily are either County or State Roads and, as such, are maintained by these bodies. Listed below are some of the State and County Roads for which the Township is not responsible. If there are any problems with these roads, please call their respective road department.

Shaler Township Recycling

Residents of Shaler Township are required to recycle in accordance with state law, therefore Township administration necessitates residents to recycle as much as possible. When the garbage contract is put out to bid to secure pricing for the residents, the haulers are aware of the amount of recycling materials generated by the community. If recycling volumes are high, the hauler can avoid additional landfill fees for excessive tonnage. Residents will receive more attractive pricing from haulers if recycling volumes are maintained.
